

SUGGESTED SEALANTS

BUTYL SYNTHETIC RUBBER SEALANTS:

- Tremco, Inc. TremPro JS-773 Butyl Sealant Off White
- Henkle Corp. PL Ultimate Hybrid Sealant White
- Loctite Loctite Power Grab All Purpose Clear
- Liquid Nails - MACCO Silicone Premium Universal Sealant Clear

DO NOT put roofing mastic or hot steep asphalt on the transparent plastic skylight. For best results use a high grade sealant material that has a long life. Low grade sealants should not be used.

DO NOT USE GEOCEL 2300. Check with the sealant manufacturer or dealer for compatibility with polycarbonate plastic.

NOTE: Compatible glazing tapes and ice/water shields may be used in place of sealants.

CLEANING AND MAINTENANCE

When you clean your Polycarbonate skylight, use chemically compatible cleaners to ensure continued performance and product life. Your skylight(s) have a UV protective coating and are constructed of polycarbonate sheets.

1. Wash skylight with mild soap or cleaning agent and lukewarm water. Rinse with clear water.
2. Use soft cloth or sponge when gently washing (DO NOT SCRUB), and dry gently and thoroughly with chamois or cellulose sponge.

Some Compatible Cleaning Materials:

- Formula 409® (Clorox Company trademark)
- VM&P grade Naphtha
- Joy® (Proctor & Gamble trademark)
- Windex with Ammonia D® (Drackett Products trademark)
- Top Job® (Proctor & Gamble trademark)

Some Incompatible Cleaning Agents:

- Lysol® (Sterling Drugs trademark)
- Pine Sol® (American Cyanamid trademark)

Fresh Paint, Grease, and Glazing Compound Removal:

Remove above before drying by wiping with a soft cloth saturated with VM&P Naphtha. Then wash as in cleaning instructions.

Label and Sticker Removal:

VM&P Naphtha will generally remove masking and other label adhesives. Wash afterwards as in cleaning instructions. Excessive rubbing or scraping can damage skylight surface.

CAUTIONS: Benzene, gasoline, acetone, or carbon tetrachloride should not be used on our skylights. Use no abrasive or alkaline cleaners. Avoid scraping with razor blades or other instruments. Do not clean skylights in direct sunlight or at elevated temperatures.
