Bronze Tinted Outer Dome

Co-Extruded Polycarbonate

Clear Inner Layer

Aluminum Deco Frame

KEY FEATURES:

- Meets stringent requirements of the Florida Building Code
- Co-extruded polycarbonate dome
- Features a powder coated bronze aluminum deco frame for added durability
- Golden bronze tinted outer dome and clear inner panel
- Mounts on existing curb, site-built curb, Kennedy AC or ACW Curbs (see curb section) - hardware included
- Pre-drilled screw holes for fast and easy installation
- Energy efficient and blocks harmful UV radiation
- Lightweight - easy to handle

POLYCARBONATE ADVANTAGES:

- 30-times more impact resistant than acrylic skylights
- 250-times more impact resistant than glass
- Resists temperature extremes from -60°F to +250°F
- Superior weathering performance
- High clarity and light transmission
- Resists effects of solar UV radiation
